The First Edition of the Wykehamist Newsletter

By three methods we may learn wisdom: First, by reflection, which is noblest; Second, by imitation, which is easiest; and third by experience, which is the bitterest.
Confucius

CLUSTER CONFERENCE DATE SET.

"FINDING THE RICHNESS" CONFERENCE

The Finding the Richness Conference is set for Friday 10th October in Palmerston North. We are lucky to have secured Hanan Harrison as our Key Speaker. Among other things she is a critical friend for a cluster of 12 schools that are part of the EQ's New Basics Trial, assisting schools in the process of pedagogical reform and curriculum development. More to come...

RESEARCH OBSERVATIONS

During the next few weeks, teachers in your schools will be observing you in your classroom. They will be using a matrix designed by some of our teachers in conjunction with Dr. Jenny Poskitt from Massey University. This will be explained thoroughly in your next staff meeting.

WYKEHAMIST COLLABORATION WIKI

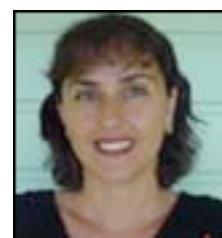

The Wykehamist Collaboration Wiki has now been launched. Look forward to an email which will have your username and password to access and contribute to the Wiki. There are pages with resources from Tony Ryan and a reading to make a comment on.

Welcome to the Wykehamist Cluster Collaboration Wiki.
